

REGISTRATION	
Visit the CTF homepage and proceed to sign up by clicking on the "Register" button.	 A purple rectangular button with a white border. On the left, there is a white icon of a person with a plus sign followed by the text "Register". On the right, there is a white icon of a right arrow followed by the text "Login".
Complete the registration details and then click the "Submit" button.	 A light blue registration form. It has four input fields: "User Name" with the text "Player1", "Email" with the text "player1@domain.com", "Password" with masked characters "*****", and a "Submit" button at the bottom right. Below each input field is a small grey text label: "Your username on the site", "Never shown to the public", and "Password used to log into your account".
Check your email and click on the verification link provided to confirm your account.	 An email interface showing a message from "simpleCTF <noreply@simplectf.ai>". The subject is "Confirm your account for simpleCTF". The body text says "Welcome to simpleCTF!" and "Click the following link to confirm and activate your account:" followed by a blue hyperlink "https://simplectf.ai/confirm/". At the bottom, it says "If the link is not clickable, try copying and pasting it into your browser."
You will receive an email confirming your action.	 An email interface showing a message from "simpleCTF <noreply@simplectf.ai>". The subject is "Successfully registered for simpleCTF". The body text says "You've successfully registered for simpleCTF!".
You are now successfully logged into the game board. If a countdown timer is in effect, the challenge tiles will be visible after the countdown timer reaches 0. Refresh your web browser to reveal the gameboard.	 A screenshot of a web application. At the top, there are tabs for "Scoreboard" and "Challenges", and a "Notifications" bell icon. Below the tabs is a yellow banner that says "Starts in 2d 17h 46m 56s". The main content area is light blue and says "Forbidden" in large bold text, followed by "simpleCTF has not started yet" in a smaller font.

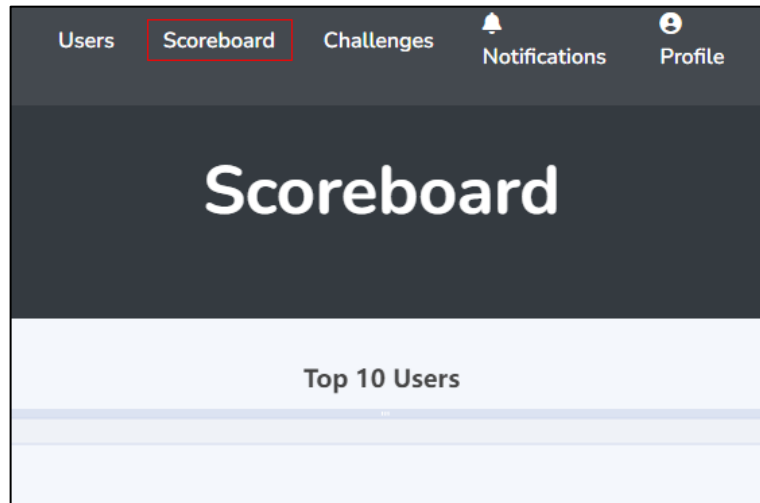

GAMEBOARD	
Challenge difficulty scales with levels; lower levels are easier while higher levels are more difficult. Some challenges must be completed first to reveal subsequent challenges.	Level 100  Level 100 
Challenges present a Scenario and a Question. Carefully review the scenario and provide an answer to the question. Be aware that challenges are limited to a finite number of attempts. Once all attempts have been used, the challenge will be locked and can no longer be responded to.	

SCOREBOARD

The event MC is encouraged to prominently showcase the top 10 leaderboard, ensuring it is visible to all attendees.

Remember to periodically refresh the leaderboard page to provide live updates on the leading participants and those who are climbing the ranks!

Bragging rights matter!

TIME IS OF THE ESSENCE

Events are timed. Upon the expiration of the countdown, the gameboard will cease to accept any further responses.

Let's celebrate the victors and warmly encourage all participants to join us for another round of excitement soon!
